

**1<sup>st</sup> Grade Report Card Rubric**

**Mathematics**

**Marking Period 2**

Units 1-3			
1	2	3	4
<b>Understands and applies concepts</b>			
<b>Unit 3</b>			
The student rarely meets the expectations for this marking period.	The student is able to sometimes meet the expectations for this marking period.	<ul style="list-style-type: none"><li>• Apply properties of operations to add or subtract</li><li>• Relate counting to addition and subtraction</li><li>• Count on from any number</li><li>• Read and write numbers</li><li>• Find the unknown in addition and subtraction equations</li><li>• Read and write numbers</li><li>• Relate counting to addition and subtraction</li></ul>	The student exceeds the grade level expectations.
<b>Unit 4</b>			
The student rarely meets the expectations for this marking period.	The student is able to sometimes meet the expectations for this marking period.	<ul style="list-style-type: none"><li>• Order objects by length</li><li>• Measure length using same-size units with no gaps or overlaps</li><li>• Express length as a whole number of units</li><li>• Answer questions about data</li><li>• Model and solve number stories involving the addition of 3 addends</li><li>• Add and subtract within 20 using strategies</li><li>• Mentally find 10 more or 10 less than a 2-digit number</li></ul>	The student exceeds the grade level expectations.
<b>Unit 5</b>			
The student rarely meets the expectations for this marking period.	The student is able to sometimes meet the expectations for this marking period.	<ul style="list-style-type: none"><li>• Represent whole numbers as tens and ones</li><li>• Understand 11 to 19 as a ten and some ones</li><li>• Understand 10, 20, ..., 90 as some tens and no ones</li><li>• Understand exchanging tens and ones</li><li>• Compare and order numbers</li><li>• Record comparisons using <math>&gt;</math>, <math>=</math>, or <math>&lt;</math></li><li>• Apply properties of operations to add or subtract</li><li>• Understand the meaning of the equal sign</li></ul>	The student exceeds the grade level expectations.

		<ul style="list-style-type: none"> <li>• Determine whether equations involving addition or subtraction are true or false</li> <li>• Measure length using same-size units with no gaps or overlaps</li> <li>• Express length as a whole number of units</li> </ul>	
<b>Unit 6</b>			
The student rarely meets the expectations for this marking period.	The student is able to sometimes meet the expectations for this marking period.	<ul style="list-style-type: none"> <li>• Tell and write time using analog clocks</li> <li>• Understand adding 2-digit numbers and multiples of 10</li> <li>• Determine whether equations involving addition or subtraction are true or false</li> <li>• Represent whole numbers as tens and ones</li> <li>• Subtract multiples of 10 from multiples of 10</li> </ul>	The student exceeds the grade level expectations.
The student rarely meets the expectations for this marking period.	The student is able to sometimes meet the expectations for this marking period.	<b>Demonstrates number sense</b> <ul style="list-style-type: none"> <li>• Compare numbers</li> <li>• Understand place value</li> </ul>	The student exceeds the grade level expectations.
		<b>Computes accurately</b> <ul style="list-style-type: none"> <li>• Add and subtract within 20 using strategies</li> <li>• Add doubles automatically</li> <li>• Understand adding 2-digit numbers and 1-digit numbers</li> </ul>	
		<b>Applies problem solving strategies</b> <ul style="list-style-type: none"> <li>• Solve number stories by adding and subtracting</li> <li>• Model parts-and-total, change, and comparison situations</li> <li>• Model and solve number stories involving the addition of 3 addends</li> </ul>	
Can add up to 12 problems accurately in 3 minutes	Can add 13 – 18 problems accurately in 3 minutes	<b>Automaticity</b> Adds 19-21 problems accurately within <b>three</b> minutes	Can add 22 or more problems accurately in 3 minutes
Can subtract up to 6 problems accurately in 3 minutes	Can subtract 7-12 problems accurately in 3 minutes	Subtracts 13-15 problems accurately in <b>three</b> minutes. (within 10)	Can subtract 16 or more problems accurately in 3 minutes
